Re: Extension of time to respond to letter of 9/2/83
from Mr. Allyn M. Davis, EPA, to Mr. James R.
Anderson, Olin, re Former Olin Site,
Wallisville Road, Houston, Texas

Dear Mr. Price:

This will confirm our telephone conversation at about 3:15 p.m.
on October 4, 1983 in which you extended the time for response to
the referenced letter, at my request, to October 21, 1983. As
stated, this will allow us time to get input from more personnel
who were involved with the site, thus providing a more informative
response to your questions.

Thank you for your cooperation in providing this extension.

Very truly yours,

Jack Scott, JR.
